INFRASYS ANNOUNCES SENIOR APPOINTMENTS FOR MALAYSIA OFFICE

1 October, 2008 – Appointment of General Manager, Malaysia & Assistant Operations Manager, Malaysia

With its newly opened subsidiary in Kuala Lumpur, InfrasyS International Limited, the leading F&B enterprise solution provider in the world, announced today that Mr. Wan Yeok Seng has been appointed as General Manager, Malaysia and Ms Sally Tan as Assistant Operation Manager to lead and support the company business expansion strategy and operation in Malaysia.

Mr. Wan, an IT professional with strong background in hospitality industry, comes to InfrasyS International Ltd. with over 15 years of extensive IT project management & solution implementation skills, particularly in hospitality industry. Previous roles have enabled him to be best equipped with the expertise in providing the best solutions and implementation service to the clients. He will definitely help to contribute to support the company into its next phase of growth and business expansion in the territory.

Before joining InfrasyS International Ltd., Mr. Wan was Director, YGL Convergence Bhd, managing hospitality division. Prior to this, he was the IT Manager of Prince Hotel Kuala Lumpur and Regional Operations Manager of Softbrands Hospitality.

With support from Ms Sally, who joins the company with strong and sound experiences in managing and supporting hospitality solutions for both IT and hotel industries, certainly gives us the strength in providing excellent product and service solutions to our clients. Before that, she was the application/support manager from Datascan Hospitality Systems Sdn Bhd & Business Solution Systems (M) Sdn. Bhd.

Mr. Norman Lee, CEO, InfrasyS International Ltd., said, “We are extremely pleased to have Wan & Sally to join our Malaysian team. Their successful track records and

extensive experiences will be invaluable to our future business development.”

About Infrasys International Limited

Headquartered in Hong Kong, Infrasys International Ltd. is the leading provider of F&B enterprise solutions in the hospitality market with an extensive distribution network covering Asia Pacific, North America and the Middle East. Its award winning Gourmate™ enterprise suite of Point-of Sale & Back End Application Solution is widely deployed worldwide by more than 4,000 establishments.
